## Willard Bosserman New Chairman AuSable Watershed Study Council

By Fred E. Garrett  
Saginaw News

Willard Bosserman of Roscommon, extension Natural Resource Agent both for Roscommon County and Crawford County, has been elected new chairman of the AuSable River Watershed Study Council.

Bosserman replaces Henry Verberkmoes of Roscommon, who was elected chairman during the ARWSC organizational meeting Sept. 19.

"Verberkmoes indicated that the pressure of his position as principal of Gerish-Higgins High School in Roscommon prevented him from doing justice to the chairmanship of one of Michigan's most important groups," said Earl H. Longworth, Public Relations Director for the ARWSC.

In an ARWSC meeting this week, Kenneth Carlisle of Grayling, chairman of the Water Quality Standing Committee, said he had set up four sub-committees. Carlisle also indicated that programs for the various sub-committees would be announced during the ARWSC's next meeting.

Reports from other standing committees also are expected to be presented during that meeting, which is scheduled for 7:30 p.m. on Nov. 28 in the Grayling City Hall.

Chairmen of the other standing committees are Derek McEvers of Grayling, who'll head the Land Use Committee, and William T. Miller, Lovells Township Supervisor, who'll head the Water Use Committee.

Bosserman, in accepting his new position as head of the ARWSC, said representatives and communications from other areas in Michigan undergoing pollution problems will be accepted at any time.

"We might be missing something and certainly we are open to criticism or advice. I think it would do the state more good to compare problems and, where possible, come up with common solutions," Bosserman said.

Bosserman said that, so far, the Water Quality Committee headed by Carlisle intended to

## School, Library Benefits From Bruun Estate

Of interest to those who were acquainted with and were associates of John Bruun, who passed away in May of 1966, the following information concerning certain bequests of his estate has been made available to the Avalanche.

With the exception of a \$5,000 gift to the Crawford County Library and a bequest of 160 acres of land to the Grayling High School forest project, comprised of the NW 1/4 of Section 28, T27 N, R3W in Grayling Township, Crawford County, the bulk of the Bruun estate has been bequeathed to the Shriners Hospital for Crippled Children. This is an organization brought about by the men of the Ancient Arabic Order, Nobles of the Mystic Shrine, some 40 years ago. Today there are 19 hospitals devoted to treatment of children born orthopedically handicapped, regardless of race, creed or color, whose families are unable to pay for indicated treatment. Three additional units are designated for treatment, research and teaching in the field of burn injuries in children. The latter three are located in Boston, Cincinnati and Galveston.

Mr. Bruun was a member of the Shriners for several years, and was in charge of locating individual children from this area who met requirements for treatment in the organization's hospitals.

Funds from the John Bruun estate given to the Crawford County Library have been used for many necessary additions and improvements during the past year. A circle drive with lighted blacktop parking lot will be completed in the near future. Regular windows were replaced with thermopane windows which were impossible to install during the building program with the funds available then. A wardrobe rack and power mower were purchased and plans for next year's landscaping will use some of the funds.

## Plant Coho In Manistee River

Men from the Michigan Conservation Department planted over fifty truckloads of surplus coho salmon in the Manistee River at the M-72 Bridge west of Grayling several days last week. These are mature spawning fish, up to 20 lbs. brought from the Platte River and Bear Creek, originally for use in the hatchery program. They have been experimentally placed in the upper Manistee to complete their spawning. Because of their size not many could be transported at one time, but it is estimated that in the neighborhood of two-thousand fish have been released.

## NO TIME TO LOSE

By Sister Mary Janice, R.S.M.

Striking, unbelievable, fantastic, could be used to describe some of the recent advances in the field of cardio-respiratory conditions. Subsequently, it is becoming increasingly recognized that ventricular fibrillation is an important cause of death. In ventricular fibrillation, spontaneous cardiac action will not return until defibrillation is achieved. In a state of fibrillation, the heart musculature contracts in a disorganized, chaotic manner. Individual heart fibers, or groups of fibers, are contracting separately with coordinated rhythm. Cardiac output is zero. Engery is being wasted at a high rate because of the excessive activity of individual myocardial fibers.

It is paradoxical that electricity can both induce and terminate ventricular fibrillation. A small current can start fibrillation, while the use of a larger current progressively applied, is presently the most effective way to relieve the condition.

Ventricular fibrillation may be arrested by sending either an alternating current shock or a high voltage capacitor shock of sufficient magnitude through the heart, to completely depolarize the muscle of the heart, and bring all of the twitching fibers to rest. Then, if the heart has been well oxygenated, it will usually resume organized action following the refractory period. Occasionally, two or more closely spaced shocks may be required for defibrillation. Quickly applied cardiac resuscitation can make the difference between the life and death in the person with cardiorespiratory arrest.

In the hospital, the elements of success in cardiac resuscitation are a monitor system, a trained person to respond to the emergency, a communication system to transmit the call for help, and drugs. Also, electrical equipment to reverse the catastrophe of the "fatal" arrhythmia and a resuscitation team.

Anyone not contacted and wishing Joyce pumpkins may call Chuck Fick.

MUST STOP — School bus drivers have reported to state that they have a problem — one that only motorists can solve. The problem is the motorist who thinks he can solve the problem — if the school bus has pulled completely onto the shoulder. State Police Sgt. Dennis Payne, Grayling City, district traffic safety officer, has joined with the school bus drivers in issuing notice to motorists that states clearly that no motorist shall overtake, meet or pass a school bus which has stopped to receive or discharge passengers. "Too many motorists are ignoring the flashing warning light from the bus, as there are when these lights fail to work."

### Letters To The Editor

Hastings, Mich.  
Oct. 12, 1967

Dear Sir:

I have enjoyed your paper very much. We don't know hardly anyone there by name. Mr. Burns of Burns Hardware was so nice to us. We live less than 1/3 mile from the Crawford line but even though Roscommon is 5 miles closer, we would rather trade in Grayling because most folks are friendlier. I read all the reports, ads and everything. The air up there is so pure, we feel better up there, but since my husband has had a stroke we can't live up there, we would be too far from a telephone and a doctor so we have to be content to just spend a few weeks at different times up at the cabin. I also enjoy the crossword puzzle very much, they sure make me dig to get the answers.

Respectively,  
Mrs. Henry Collie St.

## Truth Than Poetry

We are becoming a society in which the achievers are considered less worthy than the hangers-on. It looks that way to many whose lives are a resounding echo in the words of Miller Upton of Wisconsin's Beloit College just about reached the end of my tolerance for the way our society at the present time have sympathetic concern only for the poor, the drug addict, the drifter, the well, the maladjusted, the chronic criminal, the loser.

Upton makes clear that he is not against help for such people. It's only that he thinks they should be given a little credit once in a while. Wealthy, necessarily; not the ones in authority; not the gifted, necessarily — just the achiever — regardless of his status, his native endowment.

Upton goes on to say, "It is important to that the quality of any society is directly the quality of the individuals who make it. It is the quality of the individuals who make it that counts, not the quality of the individuals who live under the impression that they have rights, but no responsibilities, and no ways — or end up on the scrap heap."

## Missionary Conference Highly Successful

The Round Robin Missionary conference, recently held in Crawford County was a real blessing to those who took part. Pastor C. F. Olin of the Frederic Baptist Church stated. Calvary Baptist of Grayling and the First Baptist Church of Frederic participated, as well as 9 other churches in the northern Michigan area.

In all, ten missionaries from around the world brought messages. There were 78 services in all, with a total gathering of over 4,000 people. The missionary offering for the services totaled \$1,233.00. There were also many boxes of clothing and medicines gathered for the victims of Hurricane Beulah. These will be distributed by A. M. E. N. (American Mission to Evangelize Nationals) working out of Texas. Durban O. Thorpe was their representative at the conference.

One of the highlights of the conference was the gathering of all the missionaries, pastors, and interested laymen from all the churches for a noon fellowship meal at the Frederic church. About 65 people attended. At that service one of the members presented the Frederic church with a new piano for the work there.

Pastor Olin, speaking for the group, expressed appreciation for all that was done to make this conference a success.

## FIRST BAPTIST CHURCH OF FREDERIC

Pastor C. F. Olin for the Frederic Baptist Church will be speaking at one of his former churches, the Bear Lake Baptist Church, Sunday Oct. 29th. Rev. Olin pastored there from 1950 to 1955 before coming to the Grayling area.

The morning service will be a regular Bible message and in the evening he will present the work needs of the school. If you are interested in a Christian college education hear this man.

## Don Gothro New EMTA Director

BAY CITY, MICHIGAN — One year ago today Michigan Govern- nor George Romney made an un-announced appearance at the annual convention of the East Michigan Tourist Association in Bay City and promised more state financial support for regional tourist promotion. He kept his promise and business and county members of the tour- ist group meeting in Bay City October 18 this year heard a plea for expanded local support to the time-tested promotional campaigns of the association.

Installed as 40th President of the tourist group, L. G. McKay, Tawas auto-dealer, challenged the business people of the region to do more to support tourist ad- vertising campaigns. McKay, a veteran local and regional tour- ist leader, cited the challenges of other areas of the country as the key to gaining expanded East Michigan promotional programs.

McKay was installed as asso- ciation president in ceremonies marking the end of the tourist group's annual convention by outgoing proxy Fred B. Fletcher, of Bay City.

Other officers elected by the membership included vice pres- idents Patrick J. Trahan, Bay City; William P. Himburg, Owoso; Norman Rumpke, Midland and Millis Peet, Bay City. Hugh- ferd Giesel, Bay City was re- elected treasurer. New directors named to the board were Fred Bently, Alma; Harry Whiteley, Rogers City; Leo Strappazon, Gaylord; Don Gothro, Grayling; Edward Bowen Bay City; and Alfred LaPorte, Standish.

## Letters To The Editor

Mr. Editor:  
Progress is a valuable asset to our businesses. We the public demand it!

But, atmosphere, is also very necessary. A "green-belt" lead- ing to our new county building would provide that atmosphere.

So, please, the businesses who would like to advertise their pro- gress and increase their poten- tial worth consider that "green- belt."

**How to save your wife and over \$140.00 with a new Gas dryer.**

If your wife is drying clothes on a line, she's working for less than 2¢ a load. That's all it costs to do it in a Gas dryer. And that's the thirteenth, easiest way in the world. It's 1/5 the cost of the next best way—with electricity. So when you consider the number of loads dried by an average family, they could save over \$28.00 a year with Gas. In 5 years that comes to \$140—the purchase price of a new Gas dryer. And since installation is free, you can save right from the start. No wonder we say Gas makes the big difference... costs less, too. See the latest models at dealer or Gas Company showrooms. 7 out of 10 families now using dryers have Gas dryers. Care to make it 8?

Isn't it time you bought her a new Gas dryer?

**THIRTEEN-YEAR-OLDS, Dan McIsaac, Kim Parkinson and Mike McNamara. Jaycee President Terry Wyers appears in each picture.**

Sunday, October 15, the Grayling Athletic Field, two footballs, 80 young boys, chilly weather and hot chocolate. These items provided the setting for the second Punt, Pass & Kick Contest staged by the Grayling Area Jaycees.

The eight and eleven-year-olds started competing at twelve-thirty and by one-fifteen the winners were announced. In the eight-year-old class Eddie Baynham was first with 108 points. Eddie was followed by Mike Schilbe and Jeff Oaga with 98½ and 86 points respectively. Danny McClain led the eleven-year-olds with a whopping 212 score. Scores of 196 and 181 by Chris Goinick and Bert Kaiser were good for second and third places in this division.

The nine-year-old group was led by Pat Smith with 147 1/2, closely followed by Larry Baynham, 142 and Greg Hinkle, 117 1/2.

A score of 239 was enough to earn a first place for Jimmy McClain in the twelve-year-old division. Second and third were Jerry King 226 and John Kesby 173. Don Tobin posted 178 points in winning the ten-year-old group as David Johnston and Doug Hinkle took second and third with scores of 150 and 146.

In the thirteen-year-old division there was very spirited and talented competition for the top three places. When the scores were finally tabulated Kim Parkinson was declared the winner with a very high score of 253 points. P. J. McNamara took second with 240 and Dan McIsaac finished third with 203.

The last group just finished competing when Mother Nature proved who the real champion was as she chased all competitors, judges and spectators from the field with a very cool shower.

Awards were presented at the field to all second and third-place winners. First place awards and the Grand Champion Award will be given at the half-time of the Grayling-Pell-ton football game on October 27. The Grand Champion will be the boy the judges feel did the best job in local and zone competition.

The six winners traveled to Clare Saturday to represent Grayling in zone competition. The Grayling Area Jaycees wish to take this opportunity to publicly thank Ford Motor Company and especially Welsh Ford Sales of Grayling for making this program available for us. We also wish to thank Welsh Ford for the many nice prizes donated.

The Region 14 M.E.A. Council met in regular session at 5:00 p. m. on Wednesday, October 18, 1967, at Schlang's Restaurant in Gaylord. Minutes of the previous meeting were read and approved. The Regional Treasurer's report showed a balance on hand of \$358.22. An evaluation of the October 5-6 Regional Conference at Petoskey was presented. A tabulation of evaluation cards returned from the conference showed that more teachers than ever before were in attendance at the annual fall convention which is sponsored by the State Board of Education. A review of the Professional Rights and Responsibilities Committee was placed before the Executive Board for discussion. It was decided to draw up a resolution creating a Professional Rights and Responsibilities Council, whose primary work will be to coordinate the work of all professional teachers' associations in Region 14.

While the above session was in progress, a special meeting of all local, district, and regional Legislative Chairmen was held under the direction of Maurine Wyatt, M.E.A. Field Representative from Traverse City. Dan Welburn, State M.E.A. Legislative Assistant from Lansing was the principal speaker at the session. Local legislative chairmen were given a preview of several educational bills that will be before the Michigan State Legislature next spring. George Nelson, Legislation Chairman from Grayling, attended this meeting.

Following dinner at 7:15 p. m., the Council reconvened. A communication from the President of Region 16 in the Upper Peninsula was read, asking that we support its resolution to offer financial assistance to school districts in the state that were late in opening school due to negotiations.

Ruth Mead of Gaylord, Regional MEHA representative, reported on the progress of MEHA Village, the future retirement home for teachers. Maurine Wyatt, M.E.A. Field Representative announced that a Public Relations Workshop for Region 13, 14 and 15 will be held on November 6 and 7, at the Park Place Motor Inn, Traverse City.

Mrs. Wyatt also reported that an Area Office of the M.E.A. will be established temporarily in Traverse City. This is the office that had been tentatively scheduled for either Grayling or Gaylord. The office will serve as a materials center, as well as a regional publishing house. Mrs. Wyatt also announced that she is being sent to Florida on October 23 to aid in the professional negotiations of that state.

Dan Welburn reported on the last M.E.A. State Board of Directors meeting in Lansing. He discussed the problems involved in negotiations this past year, as well as the Holland Education Association case which has been presented to the Michigan State Supreme Court. He notified the council that special M.E.A. advisor teams will hold finance meetings throughout the state during the month of November in order to gather information in regard to next year's state M.E.A. budget.

A motion was made and passed to oppose the location of the area M.E.A. office in Traverse City. The resolution to create the Professional Rights and Responsibilities Council was presented and passed. The council will have an organization meeting on November 15th in Gaylord. Each local education association is to have one member

on the council. Expenses for the organization meeting will be paid by the Region 14 Council. At the next regular council meeting, Nov. 15, nominations will be made for Regional N. E. A. Director. A discussion on the dissolving of the Hartwick Pines M.E.A. District was held. On January 17th chapter delegates from the former Hartwick Pines District will elect their delegates to the Representatives Assembly.

The remainder of the council session was given over to the speaker for evening, namely, Ray Lawson of Rochester, a former State M.E.A. President. He stressed the responsibilities of teachers in coming negotiations. Curriculum policy making must, he said, be part of the teacher's responsibility.

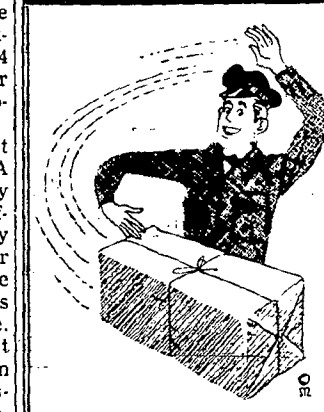

Lawson suggested that each such create its own Curriculum Council which is teacher oriented and teacher-chaired. Negotiated time for curriculum study. He cited the example of one school system paying its curriculum committee to work on curriculum during the summer months. Also suggested and highly recommended was a Teacher Senate, made up of experienced teachers and administrators, assisted by a board of education sub-committee. The Curriculum Council must, he stated, be completely separate from the Professional Negotiations committee. Interest in quality education should be the primary requisite for membership on the Curriculum Council and not money. The Curriculum Council should be responsible for in-service training of staff in regards to courses, materials, and methods used in teaching.

The Region 14 Council adjourned at 9:30 p. m. The next meeting scheduled for November 15th.

Carl Minor, Delegate Grayling Education Assn.

Meeting called to order at 12:10 p.m. by President Gerry Burns.

Members present: Allen Barkley, Gerry Burns, Ken Carlisle, Charles Fick, Bill Kraus, Harold Macklin, John Latuszek, Sal True and Don Welser.

Mem' absent: C. de Borchers, A. Tsey, Mah, R. L., and Ed Rutkowski.

Also present: Ted Beaton of E.M.T.A., Bernard Fowler, and Marilyn Longworth.

Motion by John Latuszek, seconded by Don Welser, that the minutes of the last meeting be accepted as printed. All Ayes.

### COMMUNICATIONS:

Manager Longworth read a letter addressed to Santa Claus, North Pole, USA, that arrived in the Chamber office.

Longworth informed the Board of a communication from Michigan Consolidated Gas Company regarding an industrial high-speed drill company locating in Grayling.

A letter from Mr. Hall of E.M.T.A. regarding participation in the Travel Shows was read to the Board. Shows at Detroit, Cleveland, Columbus, and Cincinnati will be attended by the E.M.T.A. this winter. E.M.T.A. will offer community participation in these shows.

### REPORTS OF MEMBERS:

A treasurer's report was read by Treasurer John Latuszek, and a list of bills presented for the Board's approval. Motion by Allen Barkley, seconded by Bill Kraus, that this report be accepted and all bills except the one in question be paid. All Ayes.

### REPORTS OF COMMITTEES:

Don Welser, Chairman of the Carnival of Color Committee, reported that this event seemed to be a success and he had received many favorable comments from many persons. All bills should be in by the next meeting, and a financial report on this project can be made at that time.

The Board wished that a hearty thanks be extended to Don Welser for the great amount of time, thought, and effort put forth on this promotion. Manager Longworth added that Clyde Borchers who was in charge of

the free Pontoon Boat Rides at Lake Margrethe reported that 6 boats were in operation on Saturday, but had to come off the lake on Sunday because of inclement weather. Borchers has ideas for improvement on this phase of the promotion. Longworth hoped that plans for the 3rd Annual Carnival of Color can be started as early as July 1968. In addition to the newspaper appreciation article, thank you letters will be written to those who helped make this event the success it was.

It was suggested that the Membership Committee hold a meeting and appoint more workers to this committee.

A note from Clyde Borchers informed the Board that a committee of Ken Chappell, Don Legg, Arnie Mauren, and Charles Fick has been formed to promote the Red Coat Roundup, November, 17, 18, and 19. A committee meeting has been scheduled for Tuesday, October 17.

Sal Truettner told the Board that Sister Janice has agreed to be a part of her Betterment of the Community Committee, and they are waiting to hear from two other persons who have been contacted to round this committee.

Don Welser requested that Clarence Holcomb be transferred from the Tourist and Resort Promotion to Business Development Committee.

Bernard Fowler reported on the meeting of the Board of Supervisors with a committee of Jack Alef, John Latuszek and Bill Kraus. This committee requested an increase in the funds contributed to the Chamber from the County. After considerable discussion and comparison with neighboring counties on a percentage basis donated to their Chambers, it was agreed to increase the funds retroactive for the 1966-67 year. This increase will be subject to a public hearing. The contribution will not interfere with County map participation by the Board of Supervisors.

Manager Longworth pointed out that a committee should be set up and planning started for Christmas decorations.

### NEW BUSINESS:

Airport Story - Longworth told the Board that 27 acres of land at the Airport has been leased by the City of Grayling as of July 1, 1967. Now to open this facility to civilian traffic it will be necessary to construct taxi strips, apron, parking lot, sidewalks, roadways and other services. Arnie Mauren, Chairman of the Grayling Regional Planning Commission has asked the Chamber for help in printing some 300 letters to persons interested in the future of this facility. In response to Longworth's request, Ron Beermann of Lansing who is the owner of Beermann - Marshall Company agreed to print the necessary letters and maps for the City and Airport Authority.

Chum Longworth informed the Board of another meeting with members of the Sports Car Club. The Club is interested in holding a National Race with some 200 entries June 1 & 2. Major factors entering into Chamber participation are insurance and lease of the Airfield. Motion by Allen Barkley, seconded by Chuck Fick, that the discussion of a Sports Car Race be tabled until next meeting when more information can be collected. All Ayes.

Manager Longworth presented three applications for membership in the Chamber: Ernie Biesak, Wakeley Woods Cor Store, and L & L Donut Store. Motion by Don Welser, seconded by John Latuszek, that these applications be accepted. All Ayes.

President Burns reported that Marilyn Longworth would appear at the next Board meeting with new ideas on this year's Pageant.

A discussion was held on the increased interest in snowmobiles, and the possibility of holding a race in conjunction with our Winter Carnival. Chuck Fick agreed to be liaison man between the Sportman's Club and the Chamber on such an event. Motion by Sal Truettner, seconded by Don Welser that the Chamber subscribe to the new publication on snowmobiles, the Michigan Snowmobiler. All Ayes.

Motion by Allen Barkley, seconded by Harold Macklin, that this meeting be adjourned at 1:25 p.m.

## Find The Church Of Your Choice

## FORGOTTEN SOMETHING

HURCH FOR ALL... ALL FOR THE CHURCH. Church is the greatest in earth for the building of good citizenship and good citizenry. Without a strong church, neither democracy nor law can survive. There are sound reasons why person should attend regularly and support the church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, needs his moral and material support. Plan to go to church regularly and read your daily.

Have you been forgetting something lately? Have you been forgetting yourself?

Let's be completely selfish, for the moment, about this matter of going to Church. Let's look at it solely from your own point of view.

Will the Church offer you an escape from reality? Will it lead you into some kind of a rosy dream world? Will it be your own, personal panacea—a kind of spiritual crutch?

Emphatically no! What the Church will do is give you Faith. It will help you find the courage and strength to meet life's tests. It will bring you complete realization of one all-important fact: With God's love, it is never too late to begin again.

If you haven't been going to church you have undoubtedly forgotten yourself. Start going now!

# Palmer-SanCartier Vows Spoken Saturday

The marriage vows of Miss Sharon K. Palmer, daughter of Mr. and Mrs. Junior Palmer of 907 Ogema, and Terry L. SanCartier, son of Mr. and Mrs. Floyd SanCartier of North Down River Road, Grayling, were exchanged at a one o'clock Low Mass at St. Mary's Church on Saturday, October 21, 1967. Reverend Father William McKnight performed the ceremony before some sixty guests. White chrysanthemums graced the altar for the occasion. Music was by St. Mary's choir.

The bride came down the aisle on the arm of her father, wearing a floor-length gown of brocade satin with shoulder fall train. Her veil of illusion was held by seed pearls and beaded crystals. She carried a cascade bouquet of orchids and lilies of the valley.

Maid of honor was the bride's sister, Miss Peggy Palmer, who wore a floor-length gold sheath with long sleeves. Bridesmaids Mrs. Jan Thayer, sister of the bride, and Barbara Crouch were similarly gowned in green floor-length satin and gold, with bouquets of yellow and green carnations and blue and gold carnations. Miss Linda Sue Legg was flower girl, dressed in a ballerina length green satin brocade dress. She carried a basket of baby mums and pink and white carnations.

Jan Thayer served as best man, with Jack Harney and Frank Kitch of Gaylord the groom's attendants. Edward Palmer, brother of the bride, was ringbearer.

Mrs. Palmer chose a turquoise knit suit with white accessories, and Mrs. SanCartier a blue suit with black accessories.

# Scholarship Tests to Be Given in February

Grayling High School students who expect to complete their secondary school requirements and to enter college in 1969 can register now to participate in the 1968-69 National Merit Scholarship Program, Principal Elmer Fenton announced today.

The first step for all students who wish to enter the nationwide competition is to take the National Merit Scholarship Qualifying Test (NMQST). The test will be given in the school at 9:00 a.m., Saturday, February 24 (or Tuesday, February 27), 1968.

Participating students pay a \$1 fee. When the test is given on a Saturday, the school may charge an additional fee up to \$1 for special administrative costs of testing on a nonschool day. If an unusually promising student is unable to pay the \$1 test fee, it will be paid by the National Merit Scholarship Corporation (NMSC) at the request of his school.

When his NMQST scores are reported, each participating student will receive a handbook to help him evaluate his scores, compare his performance with that of other high school students across the country, and give him information on choosing a college and financing his education. The handbook and other interpretive materials are furnished as a part of reporting the test results.

The highest-scoring students in each state will be named Semifinalists and will be eligible for Merit Scholarship consideration. In addition to the National Merit Scholarships financed by NMSC, more than 350 business corporations, foundations, colleges, professional associations, unions, trusts, other organizations, and individuals offer scholarships through the Merit Program.

About 15,800 students have won Merit Scholarships in the twelve Merit Programs to date. Some 2450 Merit Scholarships were awarded in 1967.

## Bits O' Talk

Miss Marilyn Joseph was home from Michigan State U., East Lansing, to visit her parents, Mr. and Mrs. Bill Joseph for the weekend. Mrs. Joseph's parents, the Vern Huntingtons of Eaton Rapids, visited the Josephs from Thursday to Saturday last week.

John and Kermit LaMotte of Lewiston were in town Monday on business.

Mrs. R. D. Ashton and children Dale, Lynda and Karyn of Saginaw visited her parents, Mr. and Mrs. Tony Gross, and her sister and family, the Lary Gusts recently.

Mrs. Wilhelm Rae and Mrs. Clement Blaine were in West Branch and Harrison Wednesday of last week, visiting Mrs. A. C. Gilles.

Mr. and Mrs. Joe Hull were in Bay City and Saginaw on business a couple days last week.

Dan Canfield of Grayling continued his winning ways as he retained his title as "King of the Hill" in the weekly bowling matches at Cherven Lanes in Roscommon on Friday night.

In the finals Canfield met Herman Bertl of Roscommon and started out with a double while Bertl missed a spare in the second frame, thereby taking a 22 pin lead at this point and putting all the pressure on his opponent.

Canfield's only open frame came on a split in the 7th frame and he bowled a 212 actual count while Bertl had a 146. Things will be a little more difficult for Canfield next time as he has now bowled 21 games this year and must use his high league average. He is currently bowling about 20 pins over his past season's average.

Mrs. Matilda Bishop spent the weekend with her sister and husband, Mr. and Mrs. Philip Boucher of East River Road, Grosse Ile.

Holcomb Realty would like to welcome Mr. and Mrs. Paul L. Burton of Pontiac to the Grayling area. Mr. and Mrs. Burton have purchased the Boyd V. Giesey property in Keystone Park.

## No Time

(Continued from Page 1)

combination is necessary to handle the two chief causes of cardiac death, ventricular fibrillation and ventricular standstill. Major anti-arrhythmic drugs, minor antiarrhythmic agents and drugs which restore metabolic stability should be on hand. Resuscitation should be started on suspicion, without waiting for the confirmation of diagnosis. Since the brain cannot survive without massive damage, if denied oxygen for longer than three minutes, resuscitation must begin soon enough to protect this most vulnerable area. Time is a major determinant of success or failure in serious cardiac arrhythmia or arrest.

An all-inclusive Resuscitation or Crash Cart would eliminate wasted time looking for equipment and drugs. Such a cart contains all the elements needed to stop a cardiac arrest.

A suction machine is attached to clear the airway of the patient and allow oxygen from the attached tank to be pushed into the lungs. A continuous monitoring of the patient's heart beat can be observed on the oscilloscope. Drugs, syringes, and needles can be available on the cart for the physicians to use when they arrive on the scene.

A fully equipped Crash Cart can be taken to the patient rather than taking the patient to the nearest equipment. A cardiac arrest could happen to anyone, anywhere. We must plan to have the best equipment operated by trained personnel to save more lives.

## JV's Continue Undeclared

By David Wyss

The Grayling JV's defeated Petoskey-St. Francis Thursday night by a score of 26 to 7. All four of Grayling's scores were made by Larry Stephenson.

Stephenson scored early in the first quarter and Dave Holmes added the extra point for a 7 to nothing lead at the end of the first quarter. Stephenson scored twice in the second quarter. No conversion was made on either of these scores so Grayling left the field with a 19 to nothing lead at halftime.

In the third quarter Stephenson scored again and Holmes added the extra point for a 26 to 0 lead at the end of the third quarter.

In the fourth quarter Grayling's freshmen went in to try their luck, but luck would have it Petoskey intercepted a Grayling pass and ran it back for a touchdown and conversion. This was the opposition's first score of the year. The final score of the game was 26 to 7.

Most valuable player of the game was Larry Stephenson, with other outstanding performances coming from Jim Corlew and Si Wakeley.
